BIO

My name is Simran Chavan and I am in the class of 2024. I am from Richmond, Virginia. I am an extremely hard worker who will always give my best in every practice and training. Some of my best assets as a player is my communication from the back and keeping the team organized. Another one of my best assets is my ability to defend one versus one defending and being relentless and aggressive. On the field, I look to get forward into the attack and help create dangerous scoring opportunities for my team.

My goal is to become the best player I can with every chance I have. My versatility comes from the fact that I work on all aspects of the game on and off the field.
